Public Works Spotlight

The Hallsville Public Works is currently staffed with three full-time employees and during the summer hires an additional seasonal employee if budget allows.

Jordan Timbrook is the newest full-time Public Works Assistant. Jordan started with the City of Hallsville as a part-time seasonal employee in June of 2023 and moved into a full-time position in August.

Jordan previously worked trimming trees. He applied with the City of Hallsville for a chance to learn something new in a different industry. Jordan has enjoyed being able to learn new skills and was surprised at how many different things Public Works does in a day. He plans to earn his Drinking Water Distribution Class II operators certificate in the near future. Welcome Jordan to the City of Hallsville!
